The New Generation

Maintains Quiet Ambiance

Upholding family tradition, the new **SOUNDSTIK_{mp3}** brings exhibits alive by providing visitors with clear crisp audio interpretation in a comfortable, easy-to-use form.

Auto Start/Reset

Each time a visitor lifts a **SOUNDSTIK_{mp3}** from its hanger mount, its message starts playing automatically from the beginning.

Self Contained Messages

The new arrival retains the classic architectural SoundStik shape, while boasting a new generation of micro-technology inside. Up to 16 minutes of CD quality sound can be stored on its embedded mp3 message repeater.

Load on Site

Messages are easily loaded or changed by connecting the USB port to any PC or laptop computer.

Top Performance

The **SOUNDSTIK_{mp3}** has inherited the best of exhibit audio design and hassle free performance, a combination sure to win the hearts of exhibit professionals and visitors alike.

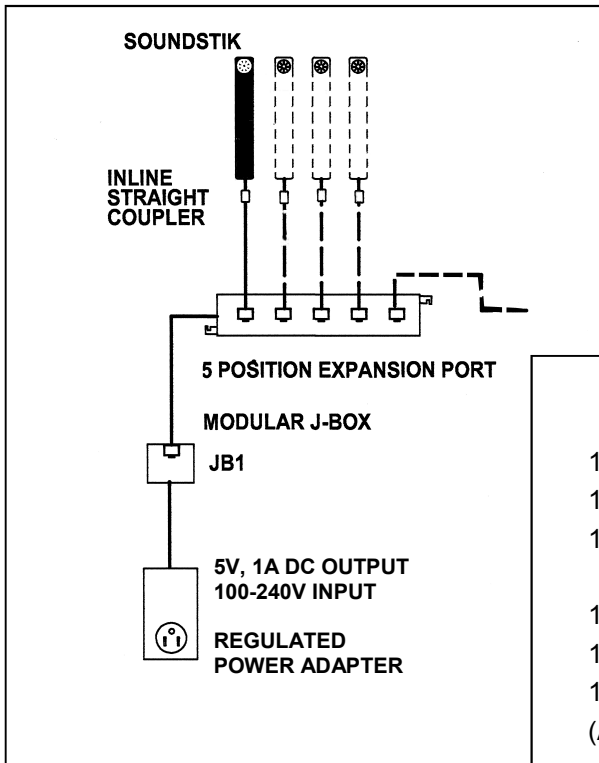

Plug and Play Installation

Easy to install. Easy to expand.

- Modular connections.
- Pre-cut wire lengths.
- On site message loading.

Every message starts from the beginning.

Power Pak

- 1 **SOUNDSTIK_{mp3}**
 - 1 USB Cable
 - 1 Regulated 5V Power Adapter with Modular 6P6C J-Box
 - 1 Modular 6P6C In-Line Straight Coupler
 - 1 Modular 5 Position Expansion Port or Duplex T
 - 1 Modular 8' Line Cord
- (Available: Other Line Cord Lengths)

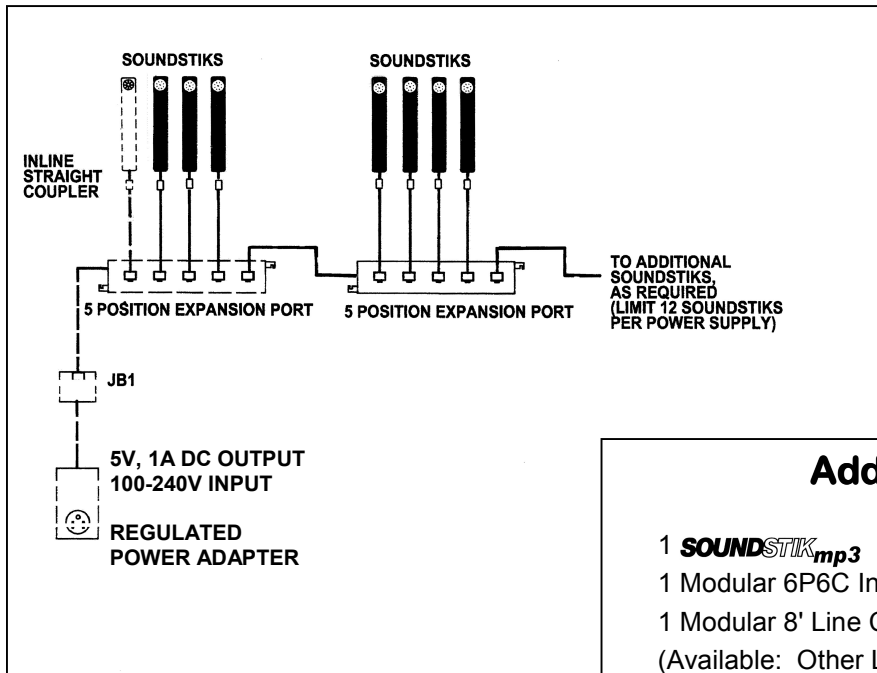

(Dashed Lines Indicate Add-On Paks)

Serve Many with Ease

“All Available Boats,” a traveling exhibition by MJM Exhibits and Pfizer Pharmaceuticals, features voices of the resolute maritime crews who responded to the U. S. Coast Guard’s call for help in New York harbor on 9/11/2002.

- 4 power adapters serve 8 listening stations with enough **SOUNDSTIK_{mp3}** for 32 visitors.

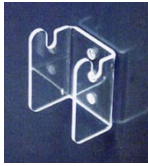

Add-On Pak

- 1 **SOUNDSTIK_{mp3}**
- 1 Modular 6P6C In-Line Straight Coupler
- 1 Modular 8' Line Cord
- (Available: Other Line Cord Lengths, Five Position Expansion Ports)

(Dashed Lines Indicate Power Pak)
